Cut the weeds

Swat the mosquitos

Put oil on the stagnant water

Have you cleaned up from your vacation yet?

No Governor all grass widows don't have any friends

Death and taxes are not levied then every candidate is that he is elected

Several candidates for governor will talk themselves out of the race before it is started good

Make the candidates for legislature promise to rid the state a system of the corrupt, back tax and misadventure poison

If we could get these mosquitos to tank up on Dothan's blind this liquor maybe they'd fight it out among themselves and give the town suffering inhabitants a rest

We shall see some fun out of the governor's race. Already too many hard things have been said and the candidates have developed their speed along this line

Whatever Mr. Hearst writes his papers take without blue pencils. It must be great to know that half a dozen great newspapers must print what you say, just as you say it

It is about time we were hearing from our old friend and neighbor, John B. Ward again. He came near enough being elected commissioner of agriculture last time to make it still more interesting this time

A member of the council is quoted as saying that if they depended on the regular legal sources of his come that not more than one fourth of the town's expenses would be met. That is equivalent to a confession that 75 per cent of the town's revenue is received not only from an illegal, but injurious source.

AS MUCH TRUTH AS SOME OTHER TOMBSONES

A good deal is being said about an inscription on the Allens tomb stones in Virginia. According to the Richmond Journal, this is the way the inscription reads:

Sacred to the memory of Claude S. Allen and his father who were judicially murdered by order of the governor of Virginia over the protests of one hundred thousand citizens of the state

Well, the people of Virginia are not usually so much as such an inscription but it is a common thing to say anything on a tombstone that is never said during the life of the person it is erected to till few people take exceptions to it

WHERE DOES YOUR MOSQUITO COME FROM?

Few people give much thought to where their mosquitos come from. It is said that they do not get over 200 feet from where they are raised. Probably this rule doesn't apply in the face of a strong wind but it is certain that most of the mosquitos we have in Dothan come from places nearby

We know not how many miles in the storm sewers of the town. You can see them swarm out of the openings at times. There is a physician said that he was out near where the city sewers empty into the branch and saw more than his automobile could pull. That is a good many for they are light, till they get their

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.

NATIONAL BISCUIT COMPANY

Lead of Blood

It looks like that the city will have to buy more oil and blood the sewer system with it wouldn't be so expensive and would be the means of destroying several million mosquitos no doubt

But if we will all look around for places we will be surprised to know how many can take out our homes

There are Others

To talk of there not being any blind things in Montgomery is enough to make a horse laugh. We all know they are blind and many of them are said to be encouraged by those with Range Mountain any time

Corn Powers Needed Too

Vice President Marshall reviews an old story to stress the fact that labor of the hands is as worthy as commendation as labor of the brain and that too many persons choose vocations for which they are not fitted. Those who should play corn when they think they are called to preach Christ are doubtless numerous. They are chosen to follow the latter vocation. Plowing corn is a worthy occupation. Proof of that can be found in the fact that young boys who are raising corn in the South today are members of corn clubs. The world must have its prophets but it needs its corn growers just as much—Savannah News

The Governor Files

In concluding another literary shoddy to the records of Alabama (Editor the governor replying to charges made by former Governor Comer said: Observation has convinced me that those who have rendered the record of service in public office have usually combined some monetary with merit. A new game has been worked at Columbus. A man appeared at the grocery store, bought some goods and gave a check which more than covered the amount. The grocer, unable to cash the check, and the man gave directions as to where the goods should be sent. The place proved to be a vacant lot and of course the check proved worthless. Smiles

Last His Name
He was a good fellow and much liked by his own sex but when it came to meeting, when he lost control of his muscles—in a word he became a wobbly says the Cleveland Plain Dealer. One girl however, was so sympathetic and so life a good fellow that he suddenly asked if he might kiss her. She hesitated and nodded assent, but he looked at her and said: "What do you think of this? Did he really have a kiss a girl? He turned a faint red and drawing back again asked: "I—was only joking."

It Didn't Start Him
Is that clock right? asked the visitor who had already outstayed his welcome. His hostess yawned according to answers. "Oh no," she said. "That's the clock we always call the visitor." The visitor remarked: "What a curious name to give a clock." His hostess ventured an explanation.

You see the good people, we call it that because we can never make it go. And even then he failed to see the point.

Oh, Mrs. Meyer, how do you do? It is all right, I've seen you. Anything new with you? Only my husband. Dotham Blatter 2. 2. 2

ENGLAND WILL NOT TAKE PART PANAMA EXPOSITION

London July 31. The foreign office today announced that England would not participate in the Panama exposition in San Francisco in 1915.

There is considerable mystery in diplomatic circles over England's refusal but outside of the fact in an attempt made by the foreign office no further statement was made.

It is generally believed, however, that England adopted this attitude because she still remains the treatment accorded her by the United States in the Panama canal toll controversy.

SOLD ALL OVER THE WORLD

TO THE CITIZENS OF DOTHAN

We take this method of saying good bye to you and expect to leave soon for Santa Olla in our 10 Buick overland route. We have purchased a moving picture show in that town and expect to make it our future home.

We regret very much to leave Dothan and the many friends that we have here but think that we can do as well in Oklahoma. We wish you well and our stay of five years in Dothan will always be pleasantly remembered by us. If we have wronged anyone here we ask forgiveness. The two theatres here are in the hands of two Christian gentlemen well known to us and our best friends. We feel safe in saying to you that your children will be taken care of while at either of the two houses and both proprietors will let the best pictures to be had and will eliminate as far as possible all objectionable pictures. This brings to our mind an article recently published in the Eagle from a magazine in commenting upon this article. We do not wish to reflect upon the magazine or the Eagle in any sense. We wish to say however that moving pictures are made for all classes and that if they were just made to suit or class of people the theatres all over the country would soon be out of business. It takes a driving card for every class to get enough people or patrons every day for the exhibitor to make a living. We think that the Editor of the magazine referred to should have given the producers a little credit for the many historical and Bible pictures produced.

We will be very glad to hear from any of you in our new home and are sure you that Dothan will all ways have a warm spot in our hearts we again say good bye to you.

Mr. and Mrs. H. I. Morris. During the five years Mr. and Mrs. Morris have lived in Dothan they have made many friends. They have given the people good shows and they have done business about the right time.

During the last five years Mr. Morris had paid The Eagle a good deal of money for advertising, to always call and I did promptly. This paper hopes that the Morris will do well and if they fail to find what they want in Oklahoma, Dothan will welcome them back any time.

The Old Normal has entered upon an unprecedented era of prosperity, and is doing the best work of its entire history.

For many years this institution has stood for thorough scholarship, and has enjoyed the fullest confidence of school men everywhere.

Graduates of the Florence Normal do not have to explain or apologize. To a teacher, such a diploma gives assurance in any company.

Graduates and former students are in every section of the state and are doing their part in making educational history. It means something to join hands with the men and women who are vigorously and ably serving Alabama.

A fine new dormitory for women ready for the opening of the fall term. The usual departments manned by a strong faculty. Special provision for teachers preparing for the rural schools.

Chero-Cola
THERE'S NONE SO GOOD

Positively the most invigorating, satisfying and thirst-slaking drink at the fountain, it is winning fame wherever its name is known. It is on sale in this city, and there is a genuine treat in store for you when your lips first enjoy its cooling, caressing taste; sparkling, bubbling and delightful—it is the ideal summer time drink. PRAYER.

If, when I kneel to pray
With eager lips I say,

"Lord give me all the things that I desire,

Health, wealth, fame, friends, brave heart, religious fire—

The power to sway my fellow-men at will,

And strength for mighty works to banish ill,"

In such a prayer as this
The blessing I might miss

Or if I only dare
To raise this faltering prayer,

"Thou sweet, Lord, that I am poor and weak,
And can not tell what things I ought to seek,"

I therefore do not ask at all, but still
I trust thy bounty all my wants to fill."

My lips shall thus grow dumb,
The blessings shall not come.

But if I lowly fall
And thus in faith I call
Through Christ, O Lord, I pray
Thou give to me
Not what I would, but what I need
Not to Thee

Of life, of health, of service and of strength,
Until to thy full joy I come at length

My prayer shall then avail,
The blessing shall not fail to
